LANDSLIDE 2020

posted 1 day ago by [CANT STUMP THE TRUMP](#) +2660 / -2

Psychological Warfare is RAMPING UP. They know they fucked up. They know they got caught. They thought they had PENCE in the bag, HE PLAYED THEM! WHAT WAS THE REASON BEHIND SCOTUS NOT TAKING THE TEXAS CASE?

Lower courts absolutely screwed us over. We now have a path to appeal to higher courts.

WE NOW OFFICIALLY HAVE STANDING !!

WE FINALLY HAVE A CASE TO TAKE TO COURT -- ALL THE WAY UP TO SCOTUS IF IT HAS TOO. We can demonstrate intent, we have EVIDENCE under OATH that FRAUD was committed ----- THE SWAMP

OVERPLAYED THEIR HAND. WE HAVE THE PRESIDENCY FOR THE NEXT 4 YEARS IN THE BAG.

THERE IS ABSOLUTELY NO REASON WHY THE SWAMP SHOULD BE GOING THIS BALLISTIC IF THEY HAD WON -- IF THEY HAD AN OPEN ROAD TO THE FINNISH LINE. THEY DON'T.

Look at what is starting to appear!! <https://thedonald.win/p/11RhYGoloX/-warning-i-think-theyre-about-/c/> They are trying to bait us out back into Washington. AND I REPEAT

DO NOT GO ANYWHERE WITHOUT THE EXPLICIT AND FULL SUPPORT OF TRUMP. EAS WILL BE USED, AN ADDRESS TO THE NATION WILL BE HELD -- Pence will most likely step down and give way for FLYNN (but that is still on the table -- either way Pence has done enough for us, time to get a younger warrior next to Trump).

exactly, my instinct is, instigators will try to get another 1/6 type rally, with better prep this time to have actual violence that they can pin on maga

trump saved the crowd last time by holding them over, so that they would not be confused with antifa who was already there being let in by police

The problem is that they can just dress up as trump supporters if they want to stage a false flag. It might be good to have a few people with cameras dressed up as both sides trying to find people, confiscate weapons, and calm things down.

Same bro. My friends and I got onto Constitution Ave. back out of the security checkpoints right as Trump was finishing up. It was at least a half our march down the street and violence was already being committed when the patriots weren't even halfway there? Something stinks here.

That's the chatter I am picking up. Pence wasn't fully on the train earlier, but there was some evidence showed to him during the McCain funeral (or the Bush one idk anymore) that showed him Trump knew what was going on behind the scenes. He is still a traitor -- he just opted to do what was right, and that was to certify the fraudulent election. With or without him, the Democrats and part of the Republican party were ready to push the Biden election through. Why do you think Lindsey was on Hannity teary eyed? What I heard from people on K Street is that they were going to push him through no matter what - tf do you think the 2000 PAGE anti-terrorism bill came from? Just fell from the sky? No it was laying ready. Which was the reason Nancy Pelosi HAD to win the speaker of the House seat -- cleaning up is going to give McCarthy speaker.

There is precedent for the insurrection act and this EO ( <https://www.whitehouse.gov/presidential-actions/executive-order-imposing-certain-sanctions-event-foreign-interference-united-states-election/> ).

Rome fell because Julius Caesar did not remove all the traitors from the Senate. They ended up conspiring against him and eventually killing him. The swamp won't go away. We need to remove them physically. ----- and to be clear, we want to keep the country in the process. Taking down the swamp they will want to take down as much as they can (as we've seen), which means if they can pit the npc's against us they will. We need to get the majority of the npc's on our side; otherwise they'll jsut vote the swamp back in without knowing. One word: low-information voters.

I now believe that Trump wants them to impeach him. That way not only is that the go signal to remove the traitors from office but it also removes trump from responsibility by not being in office anymore. trying to bring the country together by shifting the blame to the military and not him.

Yeah the military is getting involved. There is foreign involvement and we've shown the receipts. DNI showed the receipts. What I hear is that Inauguration Day is going to be 'reversed' back to March 4th as it was the original inauguration day until 1933. Trump by then will be "out of office", so will Mike 'Traitor' Pence, and Nancy will be interim. That's when Military will step in. LOL didn't even the NYT come out with an article shaming Nancy for trying to get the Military to side with her. They've lost it. Let the dice fall -- THEY HAVE BEEN CAST

He could have ended the president real quick by allowing the 25th to be used, but then he apparently turned around and snubbed Pelosi.

His sellout could have been a backup plan. POTUS understood that having that many people around the Capitol was dangerous, and that patriots were going to be goaded into violence. (Which they really didn't get) It could be that Pence was sincere when he drove the knife into Trump's back but then saw something that made him change direction.

It could also be he has plans all his own because this really was a pure comic book supervillain move on his part. (Which is also good for the rest of us because it divides the enemy)

However, an occupation similar to the Occupy movement would be well warranted.

Take over the House and the Senate until the traitors like Eric Swalwell, Debbie Wasserman Shultz, and Joe Biden answer for their crimes.

OWS achieved a lot actually, though suffered heavily from a lack of leadership.

Let's see here... what's your plan of action...

Shut up, do nothing, trust the plan. We're all peasants and need to trust the Noble class to defend us. We are not allowed to take action.

It's because of people like you that violent revolution is made inevitable.

I hope you're proud of yourself.

You mean the Tea Party? The one that split from OWS because commies and socialists were cancerous to the whole efficacy of the movement? You mean that movement? You mean the assorted bunch of Lolbertarian larpers who thought they could just civnat their way into retirement? Oh yeah that was much better -- instead of maggots devouring a dead corpse you were just beating the corpse -- oh gosh how "we were there before and will be there after" of you.

Retarded take. MAGA wouldn't be there without Trump. LITERAL MAKE AMERICA GREAT AGAIN personal conviction wouldn't be there. You did have some places across the heartland and especially Texas that thought along those lines, but never to the full extent and scope, as we've personally showed ourselves and eachother, MAGA could be taken to.

We were a dying movement because we had no economic backing. No one cares about Made in America if it's just a couple of Towns trying to keep their local economy going. Just look at how quickly Walmart JUST TODAY paused all producer orders for products made in the US and made a foraml request to factories over in China.

I agree with your assessment with people not going to any rallies until we hear more from Trump, there are far too many intelligence agencies looking for any excuse to frame people for false crimes and planted instigations. Any rally held right now would result in chaos by provocateurs.

But what makes you think any court will hear any case we have, standing or no? Rudy, Sindey, Lynn, et al. had some of the most comprehensive complied evidence, witnesses and footage in US history, but were ignored at all levels. How would be be given any unbiased, and just, review of evidence? I think only a military tribunal would provide such a chance and we've been waiting for nearly 2 months now.

Despite feeling like liberty has been ravaged by power mad globalist psychopaths, I do think we still have hope, things could turn around, but Trump needs to do something soon, time is getting short.

All we asked was for a fair hearing to be held by SCOTUS, so we could have election integrity.

But what makes you think any court will hear any case we have, standing or no?

I've explained it in a different post on this thread. There's no higher court than the American People. That's the one who will give us a hearing.

For the rest your assessment is spot on. Even to the Military tribunal. There's something greater than SCOTUS -- there is the AMERICAN PEOPLE.

EDIT: Why is the American People so important? Without consent we can't go kinetic. Simple as. If we rush now we're blowing all of our leads at once and literally no better than some CNN headline stating "White Supremacist Racists storm capital; NG makes quick work of them (told you we were right)" (sorry if the imagined CNN headline is nonsensical, I have absolutely no idea how CNN makes their articles, for the most part it seems they just throw some darts at a dictionary and using whatever words the darts hit)

But I want to request that this post and any other good **NO VIOLENCE** posts are stickied.

We've been told they are trying to foment a color revolution, then we found ourselves in the midst of one, and now they seem to be brazenly pushing some "January 17th protest" bullshit that I've only ever seen talked about by Twitter company — **they are clearly trying to lure us to DC so they can use us for some false flag.**

No one forces you to stay here. BUT WE ARE A NEVER ENDING MAGA RALLY -- says it right in the title brother. And to quote someone I like a lot --- Oswald Spengler:

"Faced as we are with this destiny, there is only one world outlook that is worthy of us, that which has already been mentioned as the Choice of Achilles -- better a short life, full of deed and glory, than a long life without content. Already the danger is so great, for every individual, every class, every people, that to cherish any illusion whatever is deplorable.

Only dreamers believe there is a way out. Optimism is cowardice. We are born into this time and must bravely follow the path to the destined end. There is no other way.

Our duty is to hold on to the last position, without hope, without rescue, like that Roman soldier whose bones were found in front of a door in Pompeii, who, during the eruption of the Vesuvius, died at his post because they forgot to relieve him. THAT IS GREATNESS. That is what it means to be a thoroughbred.

The honorable end is the one thing that can not be taken from a man."

Abandon if you like, but I made my bed and now I'm going to sleep in it.

Yes. It got thrown out not due to it's contents but because you just simply can't sue for something that hasn't happened yet. The EV need to be counted by the VP -- it's a catch 22; you can't sue before the election, but you can't sue after the election. That's where Trump's 2018 EO comes into play. Foreign interference allows for the military to step in. Then were going through military tribunals. (CISA, DNI REPORT, re-institution of death penalty -- this all happened for a reason).

I have said this the past few days in fact just to make sure there is nothing they can get us on I think we should stay away from any large groups in Democrat controlled areas. We already know what the Democrats will do to make things true. Remember police barred MI statehouse against own legislators. I would maybe make a few videos about what you are doing at home the next few days time stamps etc especially if you are outspoken or high profile. But then again I am suffering from media induced paranoia at this point lol. If doing a public protest have lots of video maybe even stream it somewhere in case your equipment could be physically taken from you. I sound insane don't I? I don't think they got the violence they needed the 6th maybe that is why Cruz came down so hard on us. Maybe he's cementing their narrative and condemning us so they won't have to do anything else to blame on us.

You want people behind you you'll need to prove to the American people that you have a legal standing in court. Whatever you do after that is unimportant.

Not everyone is like us. The fact that I am an ardent believer that violence is if not the only real way to get people to comply with anything, or rather the threat of violence, does not mean that people will still be open to that approach no matter what.

You need to be able to prove evidence in such a manner that it makes it impossible to deny the existence of said evidence. That only happens if it has a solid chance of standing in court. I never said we are going through the courts, I said that we have the courts behind us -- why are they behind us now? We have intent, we have demonstrable fraud, but more importantly we can now point at provable, and empirical evidence of DAMAGES DONE. Damages are important since they basically determine the full scope of your law suit (singular -- you bundle them up together like a class-action).

Courts don't care about anything except what you are able to prove. We are not making an appeal to the courts. We are making an appeal to the rest of the American people (~55% that do not "officially" stand behind Trump according to (((polls))))).

EDIT: DISCLAIMER: I hold no legal certificates, I am no practicing lawyer -- the law and I have no relationship outside of one based on interest, i.e., a hobby.

Here's the thing I was there. Towards the middle to end of trump's speech someone in the crowd was either on the phone or a radio and not necessarily shouted but loudly stated "They made it through the barricade!" Then like a herd of sheep a lot of people started following him.

At the time I was listening to what was going on in the capitol building with one ear pod in... I was getting put to sleep with trump's speech so I figured I'd head to the capitol building too.

I will go further and state he was in the same vicinity as the douchebag with the confederate flag... That being said tonight I was out at the pool hall with some friends and cnn was on... Every shot they had were these crazy action angles and intense fighting and of course they had to have that same confederate flag.... Here's the deal in the sea of about a million people. I saw maybe 3 confederate flags.....what are the fucking odds that one of those 3 turds made it into pelosi's office for a photo op.

Pence is compromised -- how idk. No one seems to know who I ask. Thing is people knew. Bannon knew, SPowell knew, Flynn knew, Byrne knew -- this means even more people in the 'right' place knew. The basic gist of this whole Jan 6 ordeal is that legally speaking we had no real standing since you can't pre-emptively sue for a crime that hasn't happened yet. By voting on EV's and passing them FROM FRAUDULENT STATES is the moment they committed the crime.

In your quote a made a typo -- it should be "They thought they had Pence in the bag [...]"

So now that the crime is actually committed, is the primary plan to go through courts? I assume there's evidence they have that hasn't been released/discussed...

I do think it's strange how much they are trying to basically take Trump out when it's seemingly over. Not sure if it's because they are actually scared or if its retribution.

No clue what happens next -- one thing is for certain, I'm taking a big step back and dsiconnecting, and if Trump needs us/if shit actually does start hitting the wall, we will be notified (EAS, GIANT VOICE, or even through Military). We did our duty in DC on the 6th, we were a trump card for Trump, now the Swamp and the left are going ballistic over what they say is their hard fought victory. They are scared. And Trump hasn't been seen since the 6th. He played a card, the Swamp reacted by pushing through the election, and then Trump went silent. They are hysterical because of it.

I personally do believe that the left and the swamp will call for violence and will try to make it seem like it's us. BLM might come out again, and Antifa might get their funding back for some time. Whatever happens, stay close to your family and community.

Courts don't screw us -- judges do.

And the judges are the heads of the court.

There is one court which is the most important one of them all -- THE AMERICAN PEOPLE.

Yes, public opinion is itself a court of courts. You're right. But even if most people were fed up with the government you are not getting the majority of people to push back against it. It's why calling every Republican who's come out against actual governmental challenges is not immediately a traitor. It's just in their human nature to value the security of order. Of not entering chaos and risking if you'll come out worse or better.

To a certain extent all of this online communication banning is exactly what we need

It's more harm than good. I fully understand what a lot of you here are saying. But we've been getting censored for over a decade now and the people who haven't cared yet will never, unless it happens to them. The media and politicians are trying to make us societal lepers so that even if you disagree with the censorship (which I know some left wingers that do) you and I are seen outside the safe political realm. It's why they've tried to label us as white supremacists and neo-Nazis this whole time. Note: They don't harass David Duke and Richard Spencer on a daily basis like they do Trump or any other big right wing figure. They don't care about fighting actual Nazis, just about pushing anyone they disagree with into the same corner as those assholes.

Exactly. Now Pence could retard the process and allow for even further evidence hearing, but that's about it -- just dig your heels in, that was most of what he could do. Problem is, after the hearing on evidence (which is NOT a trial), nothing was going to change. The whole hearing is nothing more but a hearing. States can send contesting electors, but at the end of the day CONGRESS WILL VOTE ON WHICH ELECTORS THEY WILL CHOSE TO COUNT.

So you go through the 10 days of hearing, and congress on the 11th day just votes for the Dem EVs any way, and LTIERALLY closes all avenues of legal contestation ( <https://www.reuters.com/article/usa-election-contested-explainer-int/explainer-what-might-happen-if-u-s-election-result-is-disputed-idUSKBN27K1AM> ). Reuters has a pretty good piece on the legality of the whole thing (under the "Electoral College" header. Congress can act as a legislating body. By skipping that step completely and not having the hearing, you are not entering evidence into the process. It's like a judge makes a decision on a case, and so does the jury, but there is some crucial evidence missing from the case (it got delayed, or just outright held back as in our case).

Now the prosecuting side can enter the knew evidence, and we now have a precedent to sue congress -- which means it goes to SCOTUS, but SCOTUS already said no-uh we ain't touching that. That's were the insurrection act and EO 13848 come into play.

You do not have a case.

You do not have standing.

We the people have no authority because people like you want those who would take action to shut up and do nothing.

Sit down.

Trust the plan.

Two weeks to slow the spread.

It's all lies meant to breed compliance. We're in a constant state of "WINNING" where nothing changes but the date and nothing is accomplished. We've reached stagnation.

Look around you and see what you've won.

A Congress that hates you and wants you dead. More illegal wars, more illegal taxes, more grift, more treason, a loss of control to China. On and on.

People like you are pathetic.

Most importantly we have quantifiable and demonstrable DAMAGES DONE. Under any score-based race, legally speaking YOU NEED TO BE ABLE TO PROVE THAT YOU WON. You need to be able to prove WITH EVIDENCE that you scored more touchdowns than your opponent, or that you in our case RECEIVED MORE VOTES THAN YOUR OPPONENT.

YOU NEED TO BE ABLE TO SHOW THE RECEIPTS.

WE HAVE THE RECEIPTS FOR 75+mm VOTES. BIDEN WILL STRUGGLE TO REACH 50.

We never got our court date. On top of that it doesn't matter anymore. WE're en route to present evidence to the people, not the court.

Not related to Trump in any way. Related to Election Fraud -- yes, but not to Trump
